Storage

ORGANIZATIONAL SOLUTIONS

SafeStore

The three-ply polyurethane construction is highly puncture resistant, inhibits tearing and offers resistance to fluids, cracking, peeling, abrasion and delamination. SafeStore is also antimicrobial and antifungal for greater infection control.

SafeStore Cube
Available in 4 sizes

Features That Matter

Contraband Resistant

The open top allows staff members to easily monitor the contents inside and quickly screen for contraband.

Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without affecting the surface material or color.

Extreme Durability

The three-ply polyurethane material features radio-frequency welds that support a fluid, crack, peel and abrasion resistant design.

GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.

Tamper Resistant

The soft and flexible material is highly puncture and tear resistant, mitigating the potential to be broken down and weaponized.

Tank Box

The Tank Box property storage bin is made of specially formulated structural plastic, twice as rigid as steel. Resistant to impact, stains and scratches. Won't rust. Passes California TB-133 flammability test. One-piece, injection molded, maintenance free construction.

Optional Lid

Features That Matter

Contraband Resistant

Specifically designed without any creases or nooks to mitigate the ability to hide contraband.

Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without affecting the surface material or color.

Extreme Durability

The specially formulated structural plastic with full height molded-in vertical ribs is, pound for pound, twice as rigid as steel, resistant to impact, stains, scratches and will not rust.

Optional Lid

The optional lid is capable of nesting for safe, stable stacking.

Recyclable

Made from molded polyethylene, this product is recyclable and environmentally friendly.

Stackable

The unique box shape allows the storage bins to nest when stacked.

Tamper Resistant

The storage container is specially engineered to eliminate exposed edges and mitigate any opportunity for tampering.

Citadel®

This Citadel® Property Storage Bin has rounded edges for enhanced safety, security and structural integrity.

Storage Box
Optional Lid & Bunk Rail Kits

Features That Matter

Contraband Resistant

Specifically designed without any creases or nooks to mitigate the ability to hide contraband.

Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without affecting the surface material or color.

Extreme Durability

The innovative, heavy-duty ribbed construction delivers superior strength and offers enhanced safety for residents and peace of mind for staff.

Optional Bunk Rail Kits

Optional under bunk rail kits can be installed to create drawer storage when used with the Ironman® steel beds.

Optional Lid

The optional lid is capable of nesting for safe, stable stacking.

Rounded Edges

Smooth, rounded edges provide a pleasing aesthetic and contribute to a safe design.

Stackable

The unique box shape allows the storage bins to securely stack and alternatively nest with a 180° turn.

Tamper Resistant

The storage container is specially engineered to eliminate exposed edges and mitigate any opportunity for tampering.

GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product is constructed of injected molded polypropylene that meets strict health-based criteria for VOC emissions and total chemical emissions.
